# Mission (After studying between China and Taiwan on 3/9) 理念 (3/9の中国と台湾との学び合いを終えて)

新型コロナウイルスに関する学習会を通して、私たち市民が、国や地域を越えて連携し、安心してらせる社会を築いていくことの必要性を学びました。また、災害時同様に、最も厳しい状況におかれていく人たちに注目し、支えていくことが、市民一人ひとりの役割であることも学びました。

この感染症という危機を乗り越えるためには、市民の力、社会の力の向上がいかに重要であるかも痛感させられました。

今後とも、互いの経験と教訓を共有し、政府の対応について、データの公開について、インターネットを介した市民の連携について、その他多様な取り組みについて学び合い、協力し合って実践していきます。

Through the session with China, Taiwan on the new coronavirus, we learned the need for our citizens to work together across countries and regions to build a society where people can live with peace of mind.

And as in the case of a disaster, We learned that the role of each citizen to pay attention and support those who are in the most severe situation.

In order to overcome the crisis of infectious disease, the power of citizens and the power of society must be improved.

I was deeply aware of how important it was.

We will continue to share experiences and lessons learned from each other, and learn about and cooperate with governments, publishing data, cooperating with citizens via the Internet, and various other initiatives.
